

VT 14 Bridge Project Construction Update Week of October 3, 2016

Next week (October 3-7, 2016) the contractor on the VT 14 Bridge Project will begin installing a drainage culvert underneath US 2. On Monday and Tuesday (and possibly Wednesday) evenings an open cut trench will be dug across US 2 just west of the VT 14 bridge. To minimize impacts on the traveling public, much of the work will be done between 6 P.M. and 6 A.M., with alternating one-lane traffic. There may also be intermittent one-lane travel on Thursday and Friday between 9 A.M. & 3 P.M. Flaggers will assist motorists through the construction zone when travel is limited to one lane.

Throughout construction the speed limit through E Montpelier village will be 25 mph.

PLEASE DRIVE WITH CAUTION THROUGH THE WORK ZONE AND “HANDS FREE” IF USING A CELL PHONE.
