

Construction at the VT 14 E Montpelier Bridge Project is in its last week. All that is left to do is shaping the contours of the site as well as installing a temporary pipe to direct water into the new 42" drainage pipe, finish cleaning up the area and covering or removing construction signs.

All work will be done during the day with few traffic delays during the non-peak (9:00 AM – 3 PM) hours. Flaggers will assist motorists through the construction zone when travel is limited to one lane.

Throughout construction the speed limit through E Montpelier village will be 25 mph.

**PLEASE DRIVE WITH CAUTION THROUGH THE WORK ZONE AND "HANDS FREE" IF USING A CELL PHONE**
