Construction Update COLCHESTER Routes 7/2, 2A & 127 Intersection Improvement Project & Survey

The Routes 7/2, 2A & 127 Intersection Improvement Project is almost complete. **We've issued a substantial completion notice to the contractor and are only awaiting minor punch list items to be completed.** There is very minor site restoration work to be done at a drainage area at the north end of the project, outside the roadway. Also, the contractor will be back on site to do some touch up line-striping. The timing of this work has not been scheduled, **but** when it occurs, it will have no impact on travel. **(Even the line striping??)**

With the project wrapping, we're nearing the end of the weekly updates. ~~This may be my last w~~ Thank you for keeping the project team informed of your concerns, asking questions and sharing occasional kudos. We valued your feedback and would like more! Please help us plan for future projects by filling out this survey **by XXXX?**
