

Hello,

This week contractor CCS Constructors, INC completed the following work at the VT 14 Bridge work site in E Montpelier:

- Removed a portion of the abutment and roadway of the old bridge on the Route 2 side of the river.
- Finished drilling and pouring the second of two drilled shafts on Pier #1 (VT 14 side of the river)

Next week (May 21-25) the contractor will:

- Continue removing the abutment and roadway of the old bridge on the Route 2 side of the river.
- Built an access area for the drilling of the shafts for Pier #2 on the Route 2 side of the river.
- Set up equipment for the drilling of the drilled shafts on Pier #2 (US 2 side of the river) later in the week.
- Form and pour an 11-foot section of the upper part of Pier #1 (VT 14 side of the river)

*Cement is poured into drilled shaft for pier that will support the new VT 14 bridge*

**Traffic impacts for next week...**

There may be brief, intermittent interruptions to traffic as trucks enter and exit the work site. Please watch out for flaggers and **EXERCISE CAUTION WHILE TRAVELING THROUGH THE WORK ZONE.**

Motorists are advised that the speed limit is 25 m.p.h. and speeding through a construction zone can lead to increased fines.

More information on the project is available on the project website, [www.vt14emontpelier.vtransprojects.vermont.gov](http://www.vt14emontpelier.vtransprojects.vermont.gov). People who would like to receive weekly construction updates should contact the project's Public Outreach Coordinator, Jill Barrett, by telephone 802-272-1248 or by email, [jbarrett@fhiplan.com](mailto:jbarrett@fhiplan.com).

Best regards,

Jill
