

VT 14 E Montpelier Bridge Project Construction Update week of September 24-28

Next week (Sept 24-28) the contractor, CCS Constructors, Inc., will continue building the new VT 14 bridge. The contractor will:

- Pour concrete for bridge curbs and sidewalk
- Pour concrete for the bridge wall/rail
- Build up with gravel the roadbed at the north approach (US 2 side) of the bridge

Traffic impacts:

- Motorists on US Route 2 and VT Route 14 should expect brief, intermittent interruptions as concrete trucks enter and exit the work area.
- There will be one-lane traffic on VT 14 during the construction of the roadway at the north end of bridge. Work will be limited to non-peak hours of 9:00 am- 3:00 pm.

Please watch out for flaggers and **EXERCISE CAUTION WHILE TRAVELING THROUGH THE WORK ZONE.**

Motorists are advised that the speed limit is 25 m.p.h. and speeding through a construction zone can lead to increased fines.

It is illegal in VT to use any handheld portable electronic devices while driving. The law carries fines of up to \$200 with points assessed if the violation occurs in a construction zone.

More information on the project is available on the project website, www.vt14emontpelier.vtransprojects.vermont.gov. People who would like to receive weekly construction updates should contact the project's Public Outreach Coordinator, Jill Barrett, by telephone 802-272-1248 or by email, jbarrett@fhiplan.com.

Best regards,

Jill
